

## **Creating Conceptual Accuracy in Religious Interpreting**

Give Glory to the Lord

The Glory of the Lord

His Glory Shown All Around

This workshop will discuss religious vocabulary and terminology focusing on Conceptual Accuracy. As interpreters, we know that the magic phrase is “Dump the Words and go for the Meaning”. Understanding the concept the Pastor, Priest or Evangelist is trying to convey is detrimental to presenting an accurate Interpretation of the sermon. Concepts within the church setting can be some of the most difficult ideas to interpret. Mr. Tripi will demonstrate this is by examining some of the most commonly used phrases/terminology used within a Christian church. This will illustrate how difficult some of the concepts can be if you do not “Drop the Words!”
